

enMotion™ Automated Touchless Soap/Sanitizer Dispenser Specification Sheet

INSTALLATION

Install dispenser using bracket provided.

Note: Mounting should comply with ADA Guidelines.

Compliance is the responsibility of the installer.

Installation with bracket and screws

1. Position bracket and mark holes using the bracket as a template.
2. Drill holes and attach bracket using appropriate anchors and screws.
3. Align dispenser on bracket and gently push downward until it clicks.
4. To remove, press dispenser release tab while lifting the dispenser upward.

Installation with bracket and tape

1. Clean bracket and mounting surface with alcohol pad.
2. Attach tape to bracket and position bracket on wall.
3. Press bracket firmly to wall for 30 seconds.

Caution - Wait 24 hours before attaching dispenser.

SPECIFICATIONS

This enMotion™ automated touchless dispenser operates on four D size alkaline batteries and only dispenses enMotion™ 1000 mL or 1200 mL soap bag refills. The dispenser features two adjustable portion control settings that dispense approximately 0.4 mL and 0.7 mL of foam or 0.7 mL and 1.2 mL of non-foam products per activation. The dispenser has two LEDs to indicate dispenser actuation and low battery power. The dispenser allows the use of either a push button or key lock. The dispenser is constructed of high strength, low maintenance polymer materials and features a maintenance mode which temporarily disables the dispenser for easy cleaning.

Overall Dimensions

Dispenser: 6.68" W x 11.06" H x 3.88" D

Weight

Dispenser: 2.0 lbs (0.91 kg)
